Dear Chairman Cole and Ranking Member DeLauro,

I am requesting funding for Care Continuity Project in Fiscal Year 2027. The entity to receive funding for this project is Baltimore City, located at 100 Holliday St, Baltimore MD 21202.

Funds will redevelop an underutilized building in our downtown core into an active, community-oriented space to foster economic growth and enhance civic connection and engagement. The full initiative aims to reduce burden on the Baltimore Police Department, EMS, and hospital, and increase the connection to resources to prevention overreliance on emergency infrastructure, which will benefit all City residents.

The project is an appropriate use of taxpayer funds because it will specifically focus on appropriate connections to care and will measure this by reducing ongoing calls to 911 for emergency service, continuity engagement in services (primary care, treatment programs (Behavioral Health and substance use), connection to long term housing, and increased recovery capital.

The project has a federal nexus because the funding provided is for purposes described in section 501 of the Omnibus Crime Control and Safe Streets Act of 1968 (34 U.S.C. § 10152).

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

A handwritten signature in blue ink, appearing to read "Johnny Olszewski".
